Hi Mike,

Your proposed language sounds good. I look forward to our discussions. Please let me know if you need anything from us in the meantime.

Thanks,
Chris

Subject: RE: Meeting time and location

Hi Chris,

We have no problem with not divulging the location of the well beyond "someplace in northern Oklahoma." We also expect a general description of the geology along the lines of "relatively shallow terrace deposits about 50' thick sitting on shale," and discussing the depths of the water wells. Will that be OK?

We have invited 3 companies to send 1 person each. They have been told they have the option of attending by teleconference. Here are the three invited drillers:

ASSOCIATED ENVIRONMENTAL INDUSTRIES, CORP..
PO BOX 5300 NORMAN OK 73070
405-360-1434
Contact – Robert Keyes
Robert@aei-corp.com

DAVIS ENVIRONMENTAL DRILLING, LLC
7204 TIMBERLAKE MUSTANG OK 73064
405-376-2702
Contact – Roland Davis
Roland.davis@att.net

Directional Technologies, Inc.
77North Plains Industrial Road
Wallingford, CT 06492
203-294-9200
Contact – Mike Sequino
mike@directionaltech.com
405-360-1434

From EPA, attending in person I expect myself, Dr. Doug Beak, Ramona Trovato, and Susan Mravik. By teleconference, I expect Dr. Dave Jewett, and Dr. Randall Ross. We also expect Mr. Gene Florentino of Ecology and Environment will attend with EPA.

Thanks Chris,

Mike

Mike,

Please contact me via my cell (405-388-3907) when you arrive.

We have no problems using your conference call information.

We understand your contacting issue, and can accommodate the addition 3-4 people, however, CHK will require that at this point in time the location of the proposed prospective site will not be divulged. This includes the identification of the county, nearby towns, coordinates, identifiable landmarks/road/highways, etc. Please let me know if you have any issues with this request. I don't think it should be a problem to keep the site location confidential during this meeting.

Please provide a list of expected attendees (physically and via conference call) at your earliest convenience.

I appreciate your help. Please let me know if you have any questions or comments.

Thank you,
Chris Hill

Chris,

Thanks for the address. Should folks call Monica Nunez when arriving, like last time? I have her phone number as (405)935-9243.

Some of the folks from Ada will only be able to participate via conference call. If it works for y'all, I will give them my conference call line, and we will call in from your meeting room on your speaker phone system.

Also, due to contracting concerns about appearing to favor a single bidder, our plan is to invite multiple drilling contractor companies to send one rep each (probably 3-4 people total) to attend the meeting and answer questions.

Let me know of any concerns ASAP.
